## Heavy Duty Global Extended Service Coolant

### Product Description

TechCool Heavy Duty Global Extended Service Coolant provides a service life of 300,000 miles/600,000 miles with extender at half life. It does not contain Nitrite, Amine, Phosphate or Silicate (NAPS-Free). It also does not contain 2EH (2-Ethylhexanoic acid) which has been shown to be aggressive to hoses and gaskets. It is suitable for use in on-highway, off-road, marine, agricultural, mining and construction equipment. It will not damage elastomer seals and does not require Supplemental Coolant Additives (SCA). PREDILUTED it is READY TO USE.

### Product Specifications

Color: Amber

Freeze Point: -34F
